## PRINCIPAL'S MESSAGE

To The Class of 2002:

You are about to take your rightful place in the world and your decisions will help to shape your destiny, as well as that of society. In the wake of the September 11<sup>th</sup> tragedy, as young Americans, you should be aware of your role and responsibility to society and yourself.

The education you received has taught you the value of perseverance and discipline. The atmosphere at Central High School has taught you that compassion, commitment and genuine concern can make a difference in your life and that of others.

Blue Devils, you have been armed with the knowledge to succeed in life. It is your responsibility to set a course for yourself to follow. Visualize the location and destination at which you would like to see yourself in ten or twenty years from today. Remember your contribution to the world will manifest itself through your support, commitment and loyalty to your family and yourself.
